What is a Compact for Student Success?

A Compact for Student Success is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all of our students reach or exceed grade-level standards.

Effective Compacts:

- Focus on improving students' academic performance
- Explain how teachers will support academic growth by providing high quality instruction
- Describe how teachers and parents will communicate about student progress and collaborate to support student learning
- Share opportunities for parents to volunteer and participate in the classroom or school
- Outline the responsibilities of students, parents, and teachers in the educational process
